1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-4, 8-11, 15-17 and 19 are rejected under 35 U.S.C. 102(b) as being anticipated by British 1,536,362. British discloses a valve trim assembly including a plug 7, a plug bore 12, a stem 9, a stem bore 11, a locking member 8, locking member 8, and a retaining member 10 that is attached to bonnet 5 as disclosed on page 2, lines 36-37.

4. Claims 5-7, 12-14, 18 and 20 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
